## Rousing Patriotic Meeting

### \$75 Collected For Red Cross and Patriotic Fund

Over eight hundred people attended the patriotic meeting held in the Blairmore opera house on Sunday afternoon last, when addresses bearing on the work of the Red Cross Society and the Canadian Patriotic Fund were delivered.

The chair was occupied by Mr. H. E. Lyon, who in an appropriate manner introduced the several speakers.

The meeting opened with "O Canada," led by a choir of over fifty children under the direction of Mr. W. Shaw.

The chairman's remarks were followed by a short address from "Bob" Campbell, M.L.A., who in the course of his remarks referred to the splendid manner in which the Crows' Nest Pass had responded to the appeal for recruits.

He had visited the famous Sarcee Camp at Calgary on several occasions and was particularly interested in the general appearance of the men of the 13th C.M.R., most of whom were from the mining camps of the Crows' Nest Pass.

He appealed for our support of the great work being carried on by the ladies of the Red Cross Society, who are fighting their share in the present great conflict by the sacrifice of time and materials for the sake of our wounded soldiers.

The next speaker was Mr. T. M. Tweedie, M.L.A., solicitor of Calgary. Mr. Tweedie spoke at great length, dealing with matters which led up to the present conflict now ensuing over in Europe.

His address throughout was one of the most able and interesting ever delivered in these parts.

J. C. Boudreau, secretary of the Franco Canadian Collieries, Ltd. delivered a short address to the French and Belgian people in their native language.

The choir rendered "The Soldiers of the King," which was followed by "The Marseillais" by Mr. Raoul Green.

The speaker of the evening

was Mr. J. S. Dennis, assistant to the president of the C.P.R. and head of that company's department of natural resources.

Mr. Dennis was delighted to have the opportunity to respond to an invitation from our local committee to come to Blairmore on this occasion and render assistance in any manner to the cause of the auxiliaries of the Red Cross Society and the Patriotic Fund.

He, himself, had the honor of being vice president of the provincial organization of the Canadian Patriotic Fund, and thus was in a position to quote off-hand facts and figures relating thereto.

He stated that at the present time there were upwards of twelve hundred families being taken care of by this Fund in Alberta, and while the Fund had so far been self-supporting, the exchequer was in need of immediate funds.

Before closing the speaker referred to the many cases brought to his notice of those reservists or others of English, Serbian, French, Russian, and perhaps Italian origin, who were in a position to go to the front and do service for the cause of fight-some and humanity but who like towards are hanging back and watching their brothers fall in their fight for freedom.

They sought the freedom of Canada, but failed to rally to the flag in the hour of danger. He stated that no man had any right to remain in this country, if at all, who shirked his duty when the whole nation's life was at stake.

The speaker made a strong appeal for deeper interest in the work of the Red Cross Society. He, like R. B. Bennett, "would dip his hat to every man, woman and child of Belgian birth."

A vote of thanks was passed for the Columbian City Band and the several speakers and others who assisted in the programme.

A collection was taken, amounting to \$75.00.

The national anthem brought a successful meeting to a close.

#### Coun. Sinclair Resigns

The regular meeting of the Blairmore town council was held last night, very little business being transacted.

Communications from Hon. Chas. Stewart and J. Smith were read, the former in connection with relief, the latter challenging the qualifications of certain members of the council to act.

Another letter was received from Mr. Smith, in reply to secretary's query re prospects of Greenhill mine developing.

The accounts included Mrs. A. Rose \$10.00, J. Mounach \$5.00, W. A. Icke \$20.00, Rocky Mountain Cement Co. \$50.80, J. E. Gillis \$5.00, A. Morency \$62.00.

Councillor Sinclair tendered his resignation, to take effect June 25th, which was accepted.

By-law 43 was read three times and passed.

Councillor Ross gave notice that at the next regular meeting of the council he would introduce a by-law to amend by-law 4.

Councillor Dull gave notice that at the next regular meeting of the council he would introduce a by-law to appoint a returning officer for the forthcoming by-election.

Council adjourned at 10.15.

Bills announcing a big sale are just being distributed by the Blairmore Trading Co. This sale is being put on for two great purposes—to raise money to satisfy creditors, and to help strengthen the Patriotic Funds. The sale will last until July the 17th, during which time the store will be open evenings for the convenience of patrons who will come in from Michel, Coleman and other western points on the evening train to return west on the "Eyer."

#### Death of Daniel N. Drain

D. C. Drain received a wire on Friday night last, informing him of the sudden demise of his brother, Daniel Nelson Drain, which occurred that night at Sausalito, California.

Mr. Drain had been living in California for the past several years, but was a former resident of Blairmore.

His wife survives him. Arrangements were made to have the body shipped to Blairmore for interment and the remains arrived on Thursday evening, accompanied by Mrs. Drain.

The funeral took place this afternoon from the residence of D. C. Drain, and was very largely attended.

Rev. Father Crociato, of Coleman, officiated and held short services both at the Catholic church and the graveside.

Deceased was but 53 years of age and died of heart trouble. He was probably better known than many others of the pioneer settlers of the Pass, having come to Blairmore many years ago, where he erected the Blairmore hotel No. 1, which was afterwards destroyed by fire and replaced by the present structure.

During his residence in Alberta he made many friends, and the news of his sudden demise comes as a shock to all.

Mr. Drain was the eldest son of Mr. and Mrs. Daniel Drain, of Storey Point, Ontario.

Don't miss Clinton N. Howard at the opera house tonight.

## 'The Liquor Act'

Is the Name of the Proposed Prohibition Bill upon which we will Vote on July 21.

#### What is the Purpose of The Act?

To prohibit the sale of intoxicating liquors within the Province of Alberta for beverage purposes.

#### What The Act will do if passed:

(a) It will abolish all licensed bar rooms, clubs and wholesale stores, and thus will do away with the treating system.

(b) It will provide for the sale of liquor for medicinal, mechanical, scientific and sacramental purposes through "Vendors," who shall be Government appointees.

(c) It will do away with the element of private gain and greed by giving the vendors a fixed salary with absolutely no profit or commissions.

(d) It will allow such persons as are properly registered in their particular professions, as druggist, physician, etc., to obtain alcohol for strictly medicinal, mechanical or scientific purposes.

(e) It will allow a householder to keep one quart of spirits and two gallons of malt liquor in his own home for his private use, provided it is not purchased within the Province. It will prohibit keeping any liquor in hotels, clubs, offices, places of business, apartments, boarding houses, etc.

(f) It will impose a heavy fine and imprisonment for infractions of the Act.

#### What The Act will not do:

(a) It will not stop the manufacture of liquor in the Province, as this right is granted by Dominion Statute.

(b) It will not prevent the importation of liquor from outside the Province, as this right is granted by Dominion Statute. It will prevent the sale of such within the Province.

#### By The Terms of the Direct Legislation Act,

under which this referendum is being taken, only a majority is necessary to make it law in the Province. Any male British subject, either by birth or naturalization, who is over 21 years of age, who has resided for a period of twelve months in the Province, and for three months in the electoral constituency, shall be entitled to a vote.

If carried, the Liquor Act will go into effect July 1st, 1916.

## Passburg Telephone Subscribers Ignored

Passburg, Alta., June 22, 1915.  
Editor Blairmore Enterprise.

Dear Sir:—Would you kindly publish the enclosed petition in the next issue of your valuable paper, in order to let the public the real deal we are getting from the officials of the Alberta Government Telephones.

The petition was got up and signed at the beginning of this year by six subscribers residing here, and was forwarded to the local telephone manager at Blairmore, who promised to have same placed before the proper officials. At the beginning of May, no reply being forthcoming, a copy of the original petition was again forwarded via the Blairmore office. Up to date nothing has been heard of either of them. In the meantime, rather than continue paying an unjust rate (which, by the way, is \$20 per year more than is being paid at Maple Leaf, Bellevue, Hillcrest, and other places) several of the subscribers have had their phones taken out.

To some of us, who have always been advocates of government ownership, the ignoring of the petition has been quite a shock, and we doubt very much if we ever got the length of a responsible official.

Yours truly  
A TELEPHONE SUBSCRIBER.

"The Alberta Government Phones, Blairmore Exchange."

We, the undersigned residents of Passburg and subscribers of the Alberta Government Phones wish to protest against what we believe to be discrimination in the matter of phone rates. The phone rates in our nearest neighboring towns, Bellevue and Hillcrest, are much lower, and many of the Bellevue ones are only a mile and a half to two miles nearer to central.

We realize that being farther away from central there is an extra length of line to be kept up, but we cannot lose sight of the fact that we are on the line of the telephone system through The Pass and that all of the extra line work and maintenance cannot rightfully be charged to us. Further if it is on account of the extra length of line that we are charged more, how is it that the subscribers in Burnis, from two to three miles further from central, are assessed the same as we are? The fact that those close to the central exchange are supplied with multiple phones, and as the distance becomes greater, more and more are put on the same line (there have been as many as seven on the same line in Passburg), is at least a sufficient reason why those in the more remote portions of the exchange should not be charged more. In other words it is difficult to see why a single line supplying four or five persons at a distance of five or six miles from central should cost more per subscriber than a single line to one person and at a distance of from one to four miles from central, and this more especially since the line is not a blind line, but serves to continue the line through The Pass.

We therefore believe that the present tariff is not fair, respectfully ask you to give the matter your attention."

## Cowley Happenings

"Nap" Cyr is putting up a fine new horse stable on his ranch.

Mr. and Mrs. R. Welsh are visitors to Pincher Creek on Friday.

Miss Aggie McEwan spent a few days this week the guest of Mrs. Jas. Bennett.

We are sorry to learn of Mr. H. Hays's accident, and hope he will soon be around again.

The baseball boys go to Brockton on Friday night to play a return game with the Indians.

Lieut. W. Sharpe, of the 13th C. M.R., is home for a few days visiting his mother, Mrs. W. T. Eddy.

Mr. and Mrs. E. M. Bowerman were visitors with Mr. and Mrs. C. V. Hodgson, at the river, on Sunday.

Feed Eddy gave a farewell party to Lieut. Sharpe on Monday night last. Wallace expected to be included in the next draft of men for the front.

Another disappointment was had last Thursday, when a crowd gathered at Beaver Mines to attend the sale of hotel furniture. They found that the sale had been called off for another week, or perhaps longer.

Mr. Fisher, of the Porcupines, met with a rather nasty accident this week while attending to his horses. One of the animals kicked at him, hitting a pole in the stall and landing against Mr. Fisher's cheek, inflicting a nasty gash.

The Orangemen will hold their anniversary service on July 11th at Cowley Presbyterian church. Rev. W. M. Chalmers will preach. The graves of brother members at the Cowley cemetery will also be decorated on that afternoon.

Word has come down from Blairmore that one of Blairmore's old timers was one of the first men to drive an engine over the Cross-Next Pass Railway, and is well known all along the line, and while the town was yet new he built the old "Blairmore" hotel.

Chief of Police Ford, of Coleman, had a rather exciting experience while trying out a young car purchased from the Stony Plains Indians. After returning to Coleman from Blairmore, he decided to hitch up and take his family out for a drive. After driving a short distance the animal bolted and kicked. Both the driver and Mrs. Ford and child were all thrown out to the ground. Mr. Ford sustained several cuts and a severe shaking up, which will likely confine him to his house for some days.

## Frank Happenings

Mr. and Mrs. George Fairbairn, of Coleman, were visitors here on Saturday last.

W. M. Campbell, of Malcedo, registered at the Senatorium hotel on Wednesday of this week.

Ex-Councillor Dunlop, who enlisted at Calgary a short time ago, came down on Saturday to spend a few days with his family.

Mr. and Mrs. G. A. LaVie returned from their honeymoon trip the latter part of last week and have taken up their abode at the Senatorium.

We understand that Levi Crockett and Hughie Robinson have arrived safely in England and are stationed in Kent. M. J. McKinnon, brother of A. J. McKinnon, who went over with the Nova Scotia boys, is also stationed in Kent, England.

Corporal Nicholas Backus came to town from the Sarnia camp on Saturday to visit his sister, Mrs. A. J. McKinnon. Nicholas enlisted as a bugler, but was soon transferred and promoted to corporal. We doubt if there is a younger corporal in the ranks—18 years—and wish him success.

Another petition was circulated around town the early part of the week by the ladies, this time trying to get the ladies to sign in favor of prohibition; but we understand that the ladies showed better judgment than the men did by refusing to sign. If Alberta was voting on a bill similar to that about to be voted on in Newfoundland shortly there would be some sense to it, but the present act is a case of jumping out of the pan into the fire.

Frank played a return league game with Coleman on the local grounds on Saturday last. The ground was in fairly good condition, considering the heavy rains during the week. A fair crowd of spectators witnessed the game. The game opened fairly strong and had only been in progress about ten minutes when Roughhead took a shot for goal from thirty yards out, which the Frank goalkeeper misjudged, the ball dropping just under the bar and in the net. Frank tried hard to equalize and missed several good opportunities. Varley put just past the post, what seemed to be a certain goal. The Coleman goal-keeper was called on several times to save and was again almost beaten just before half-time, when Coleman were leading 1-0. On resuming, Coleman tried hard to improve their lead and had several good opportunities, but they were all considered safe and did not seem to be able to place the ball in the right place at all. Dugdale, however, made a run and passed by him of the Coleman men, who found it necessary to foul him to save the situation.

Frank's forwards would have been through several times but for the opposition's fouling tactics. Coleman were declared victors by 1-0. Frank and Coleman have now won one game each for the league. Arrangements have been made to play off on Saturday, June 26th, on the Blairmore grounds. This game will decide whether Frank or Coleman will represent Alberta with the winners of B. C. teams for a League cup at Michel on July 3rd.

Mrs. Ford received a wound on the head which necessitated immediate attention from the doctor. The child came out without a scratch.

## Bellevue Happenings

Miss Niven, of Frank, was visiting in camp on Sunday.

Mrs. A. Bursay was taken to the hospital this week for treatment.

The Rosedale dairy has changed hands and is now being run by Tomlinson Bros.

James Carney was up from Cowley this week, visiting his sister, Mrs. W. Patterson.

Mr. Creighton, formerly connected with the Union bank here, was visiting friends this week.

Joseph Thryce has secured a position at the Frank mine, and moved his family there this week.

Charlie Burrows, one of the old timers of The Pass, has opened a restaurant and boarding house in the McCutcheon block. The rooms have been thoroughly cleaned and remodelled, and things are in first-class style. Mr. Burrows is now ready to cater to the public. This restaurant is run with strictly white help and will be known as the Canadian House.

## Canadian's Experience In Flanders

Further news has been received of W. J. Reid, a nephew of Mr. C. H. Barrell, of Blidston and formerly of the same village, who is a member of the Canadian forces now in the fighting line. A week or so back his uncle received a letter stating that he had been sent to hospital, as the severe strain through which he had gone, when the Canadian gas had completely shattered his nerves.

On Sunday morning Mr. Barrell received a letter from his nephew stating that he was still in hospital, but was getting on as well as could be expected. He adds "A fellow is lucky to be alive these days. Fancy being buried three times in one day. I thought once time was my last, but our boys dug me out, and here I am with nothing more or less than a sprained back, but it is getting on, and I soon hope to be home and dandy again."—East Anglian Daily Times.

## Oddfellows Decorate Graves at Hillcrest

About a thousand people assembled at the Hillcrest cemetery on Sunday afternoon last to participate with the members of the Independent Order of Oddfellows in their annual service of decoration.

The Oddfellows gathered at the I.O.O.F. hall at Bellevue and paraded 120 strong to Hillcrest, headed by the city band of Coleman under Bandmaster A. Eason.

At the graveside the ceremonies were conducted by W. J. Bartlett, as Noble Grand, and Rev. J. F. Hunter, as chaplain, of Blairmore Lodge 88.

After the service the members proceeded to the Union hall, where a dainty supper was served by a committee from Bellevue lodge 118. Supper was served to 150 people.

A memorial service was held at 7:30 in the same hall, in which the Oddfellows participated. Addresses were delivered by Rev. Bro. J. F. Hunter, of Blairmore; Rev. T. Hart, of Hillcrest, and R. E. Campbell, M.L.A., of Calgary.

Mr. Hart took as his subject "Disaster and Brotherhood," and delivered an able discourse. Just a year previous the Hillcrest mine disaster occurred, wiping out 189 lives and leaving about five hundred children fatherless. Today they met to commemorate that awful fatality and pay a tribute of respect to the departed and the bereaved.

At this service a collection was taken for the benefit of the Red Cross Society, amounting to about \$17.00.

If a majority of the voters express a preference for the permit system as outlined in the new Alberta Liquor Act it will have much less relation to the province's actually going dry than an individual's signing the pledge has of keeping him sober.

When a toper swears off he is at least unanimous about it. All of him for the time being is sincerely devoted to temperance.

A province that votes for prohibition always contains a considerable minority whose individual convictions are at least damp. The province that votes for prohibition simply writes a pledge to suppress liquor; but that pledge no more suppresses liquor than an individual's pledge makes him impervious to alcohol.—Adv.

Mr. and Mrs. D. A. Sinclair have donated a house and lot to the local branch of the Red Cross Society. The property will be put up for sale by public auction on Wednesday afternoon next at 3 o'clock sharp, and will afford an opportunity for a good investment and to assist the Red Cross Society in their humane endeavors.

## When Misrepresentation is Necessary

It Proves A Cause to be Unworthy

## The Calgary Albertan has Ignorantly or Deliberately Misrepresented the Liquor Act

Read Below and Satisfy Yourself

Chapter 89 of the Consolidated Ordinances of 1905.

Clause 120:—"When complaint has been made to a Justice that any person by excessive drinking of liquor misrepresents, wastes or lessens his estates or greatly injures his health or endangers or interrupts the peace and happiness of his family, the said Justice shall institute proceedings under part XVIII of the criminal code of 1892 against such person, and on finding the complaint well founded shall by form J, appended hereto, forbid every licensed person in the territories to sell him liquor for the space of two years."

Sub-Section 3 of the same chapter says further that when any person knowingly supplies such interdict with liquor he is liable to punishment.

Clause 73 of the Liquor Act says:—"The Liquor License Ordinance being Chapter 89 of the consolidated ordinances of 1905 and all amendments thereto are hereby annulled."

The Morning Albertan of Calgary says editorially on June 12th, 1915:—

"The law of interdict is a good one. It will remain in force just the same after prohibition comes in force as before. It will not be very much needed then because the whisky traffic will be destroyed. As there will be no legalized places where liquor can be bought in the Province, the chances for the interdicted man to get liquor will be very greatly lessened, in fact it will be reduced to a vanishing point."

The Albertan has deliberately made this misstatement, or else it displays a gross ignorance of the legislation it is supporting.

Blairmore, Alta., Fri. June 25, 1915

Coxson, the Macleod farmer who killed a neighbor in cold blood, is about the luckiest man in Alberta today, because the jury decided to call it homicide and not murder, and on account of which, in consequence, Coxson goes to prison for life and not to the gallows. The eloquence and skill of barrister Colin Macleod in dealing with the jury is largely responsible for the verdict--Albertan.

Lifelong are reminded that they can be held responsible for unpaid water-rates left unpaid by their tenants. Of late quite a number of occupants of tenement houses have vacated their place of residence and left the town without notifying either the landlord or the secretary-treasurer. As a consequence their obligations must be borne by the landlord, which may very often cause considerable trouble and inconvenience.

When the time comes, as it surely will, that the most skillful and best paid teaching is devoted to the pupils in the first young years of education, instead of to those in the high schools and colleges, the civilization of the future will look upon this of the present as having been but half civilized. The importance of the formative years at school, from 5 or 6 to 12 or 14, transcends that of almost any later year of study.--Spokane Review.

Seven years ago J. A. Barrett secured some rainbow ova from the Game Fish Society, and with the assistance of J. C. Dagg, J. A. Pennell and W. J. Bartley it was placed in Pointe Paul, back of Curling. At the same time they transferred a few native trout from there to Third Pond. Quite a number of native trout, some weighing over a pound, have recently been taken from this latter lake, and some were even known to exist there previously.--Newfoundland Star.

### Marriage Day Omens

Every bride, of course, observes the command to wear "Something old, something new, something borrowed, something blue!" on her marriage day.

But she must be equally careful not to open a telegram on the wedding day before the ceremony, or try on her wedding ring. To do so is considered to be really tempting fate!

The bride who sees a spider on her wedding dress should rejoice, not tremble, as it is considered a very lucky omen.

To drop the wedding ring is certainly unlucky, and should the bride's carriage encounter a funeral she should turn back and start again, or bad luck is invited.

No bride must entirely dress herself for the wedding, and never must make her own cake.

On no account must she and the bridegroom meet before they meet in church on the momentous day, and unless bad luck is to follow, the bride must step with her right foot as she leaves the sacred edifice.

### Does Advertising Pay?

It has been asked: "Does advertising pay?" A person advertised in a German paper that he would pay what in our money would be 50 cents to the sender of the largest potato. In less than fifteen days the advertiser found himself in possession of five sacks full of the very finest potatoes, when after paying the half dollar promised for the largest sample may well be reckoned a very profitable speculation.

### No More Relief at Present

The following is a reply to an appeal made to the government on behalf of the distress cases in the town of Blairmore:

Edmonton, June 22nd, 1915.

W. J. Bartley,  
Chairman Relief Committee,  
Blairmore, Alta.

Dear Sir:--I have your favor in which you point out the difficulty you are experiencing in connection with the people who are destitute.

I may say that the government have issued instructions to cease giving relief, and have done so for the last two months. I was endeavoring to arrange to get a market for a larger amount of coal, and have succeeded in having it done to some extent. However, I presume it will not reach all the needy ones, but as we have discontinued granting relief to all the other districts I will have to take the matter up with the government.

Yours very truly,

CHAR. STEWART,  
Minister of Public Works.

### TAKE PLENTY OF TIME TO EAT

There is a saying that "rapid-eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

Some individual has been endeavoring to cast a slur at the local police officer by a liberal distribution of what he thought was poetry. No poorer specimen of rhymery could be imagined and it is lucky for that individual that he is never known, otherwise the public would have material to laugh over for the rest of their journey on earth.

The first issue has just appeared, and is very readable, being well printed and full of news of interest to the order. It is of magazine size, and is being published and edited in Lethbridge by F. T. Robins, Grand President of the Order and the man largely responsible for the development of the S.O.E. throughout Alberta.--Lethbridge Herald.

Don't miss Clinton Howard tonight. Who ever dreamt that we should have the opportunity of hearing such a noted orator without visiting some other metropolitan centre. Everyone should avail of this great opportunity of hearing the views of one who is probably better posted on questions of the day than anyone else of this age. The train service between here and western points makes it convenient for all to come in and go out at respectable hours, and for the accommodation of those living between Blairmore and Burnie, a regular bus will make trips after 6 p.m.

Mr. J. S. Dennis arrived in Blairmore in his private car on Saturday night last and remained over Sunday. Campbell, M.L.A.; for Rocky Mountain, Norman Rankin, C.P.R. publicity agent, and his secretary, Mr. Creswell. Mr. Dennis is regarded as the great man in Western Canada, having figured prominently in the C.P.R.'s great irrigation scheme and general development policies, and is at present carrying on a great work at the head of that company's department of natural resources. Having travelled practically the world over and featured in almost every corner of the British Empire, he is a most interesting conversationalist. Blairmore is fortunate in having had occasion to hear him and we trust that the time is not far distant when he shall again pay us a visit.

Here is how one well-known labor leader defines prohibition: "The prohibition movement--a tyrannous scheme to establish virtue and morality by law--to regulate personal appetite and individual habit by the will of the majority--an embryo to resurrect and re-establish the principle of and affinity of Church and State--is quite as mischievous a delusion as any of those which have gone before it. But, being based on half-truth, it is, like all half-truths, appealing to sentiment, the more misleading. Its fallacies are harder to expose to the simple and credulous who dwell apart and think the cackle of their little barnyards the voice of the universe."--Advt.

### A Strange Contrast

R. W. Glover, editor of the Vulcan Advocate, one of the brightest journals in the province of Alberta, is not only a tower of strength for the prohibition cause in his constituency but he is also a strong advocate of Woman's Rights. Reading between the lines, the following statistics from the last issue of the Advocate would tend to believe that Mr. Glover thinks the franchise will be granted the women of Vulcan at no far distant date. We may add that Mr. Glover is the coming candidate in his district.

BIRTHS AT VULCAN.  
Born--Mr. and Mrs. Robson, Reid Hill, on June 13th, a daughter.  
Born--Mr. and Mrs. Charles H. Kohlhorst, Vulcan, on June 13th, a daughter.  
Born--Mr. and Mrs. Chester Wallace, Vulcan, on June 14th, a daughter.  
Born--Mr. and Mrs. A. A. Brink, Vulcan, on June 17th, a daughter.  
In strange contrast with that of the Vulcan Editor, we have appended a list of birth notices handed to the Times for publication, by Dr. Stanley, the able representative of the High River constituency. We do not know the Doctor's views on the subject of Woman's Rights but it looks as if he is not taking any chances. It will be seen that our new citizens are all voters.

BIRTHS AT HIGH RIVER.  
Born--On Monday, June 14th, to Mr. and Mrs. S. L. Eschfeldt, a son.  
Born--On Tuesday, June 15th, to Mr. and Mrs. Clyde Ellis of High River, a son.  
Born--On Friday, June 4th, to Major and Mrs. D. C. Burke, Pelly, a son.  
Born--On Wednesday, June 5th, to Mr. and Mrs. John Riley, Frankburg, a son.  
Born--On Sunday, June 6th, to Mr. and Mrs. C. Bennett, Gladys, a son.  
--High River Times.  
From Bethel we learn that of seven births last week all were girls.

### Bravo, Canada Boys!

Ripe for any adventure, sturdy, loyal and game.  
Quick to the call of the Moller, the young Canadians came.  
Eager to show their metal, ready to shed their blood.  
They bowed their neck to the collar and trained in the Wilshire mud.  
Shipped, in the fullness of time, across the other shore.  
Heard a deep hum in the distance, the "basso profundo" of war.  
Fretted to get to the business, chafed for the firing line.  
Forward--with throbbing pulses, like pilgrims who near their shrine.  
Spoiled for a fight, and got it--lured, unreluctant, red--  
Trifled with death in the trenches, braved and battled and bled.  
Then, at a given order, gathered together and backed--  
Not because they were bending, but to keep the line intact.  
Four of the guns' defences--left in the enemy's hand!  
That was a bitter battle, more than the lads could stand.  
Back charged the Men of the Maple, routed the jubilant Huns.  
Captured a pack of Germans and saved the beloved guns.  
Ripe for any adventure, sturdy, loyal and game.  
Quick to the call of the Mother, the keen Canadians came.  
Hurrah! for the young Dominion! Cheer them with heart and voice.  
The Maple shall never wither! Bravo--Canada boys!  
--Jesse Pope in London Daily Mail.

This town, in common with others, is periodically flooded with price lists and catalogues, sent to various agents. These houses send to post these daily catalogues, quoting presumably low prices, and offer you, according to the catalogue, great bargains; but does it pay to send your money away for these purchases? How many times have the goods purchased in this manner been of poorer quality than the goods you buy at home for almost the same price?

Your local dealer, advertising in your local paper, does the mail order house patronize the paper that you receive? No, because as long as the local dealer supports the local paper we do not intend to accept their full page ads.

Who puts up your goods for export, for the local hospital, for improvements and several other things; the merchant or the mail order house? The merchant has to come across every time with the money, and the mail order house only sends more catalogues into the merchant's territory to draw away his trade.

Did you ever write to a mail order house for donations towards improvement?

The merchant pays taxes in your district to help defray expenses and thus lighten the burden on your shoulders. The mail order house pays taxes in a community hundreds of miles away from where you live and you receive no benefit. Trade at home. Read the advertisements in the local paper and see who helps support the paper you are reading.

### The Newspaper Man

He seldom is handsome or natty. And has none of the charms of a dodo is more often abstracted than chatty. And sometimes unbearably rude. He courts us, then sighs us and grieves us.

As much as he possibly can. He kisses us, loves us and leaves us. This pious newspaperman. Our mother won't have him come calling. He is so earthly good as a "catch." His morals (they say) are appalling. His manners usually match.

His politeness, rectitude, sincerity, lying but for the hour, the day, He's dangerous, dubious, daring, Not fit for a husband they say. But somehow we girls are forgiving. Perhaps he but needs us the more. Because he does wrong in his living. And knows it, and yet goes on being. So we pass by the dodo and the schemer Who led in society's van; And cherish the thinker and dreamer. Kindness to the newspaperman. --A. B. M. Page.

### Home to Say Good-Bye to Brothers

The Rev. J. McLean Deaton, a Presbyterian clergyman in Calgary, who has just been attending the interesting sessions of the general assembly of the Presbyterian church of Canada, in Kingston, Ont., arrived in Calgary on 1st, en route to Nor. H. Sykes, to spend a week at his old home on Pleasant street in that town. Mr. Deaton especially came east at this time as he wished to say "good-bye" to "Old speed you" to two noble brothers who have volunteered for the war. It is some seven years since Mr. Deaton went to the Western field as a pastor and he says that the work he has seen there convinces him most strongly of such changes in our midst. He has carried by such a sweeping majority in the general assembly of his church.

On his way to his eastern home this good clergyman took a run to St. John and there said farewell to his brother, Rev. Nelson Deaton of the 2nd Battalion, thence to Truro and by C.A.R. to Kentville to visit his brother, Lieut. W. E. Deaton, of the reinforcement corps in camp at Almonston.

This clergyman, who is well acquainted with the Rev. W. E. Deaton, was very sorry to hear of his friend's temporary indisposition and regretted very much that he was not in town.--Truro News.

### Direct Appeal to Be Made

The Enterprise learns that a direct appeal for support to the Patriotic Fund, Red Cross Fund, and Belgian Relief will shortly be made throughout Southern Alberta, and that this district will not be overlooked. While the response of the public in the past has been decidedly generous, the need is very great, and more and more as the war continues. We understand that the committee in charge will co-operate with the United Farmers of Alberta and other organizations, and that the appeal will be held at the principal centres, where the purpose of the funds, and the methods of their distribution, will be discussed in detail. While cash subscriptions are highly desirable, it is likely that an opportunity will be given to farmers to make donations in grain to be delivered after harvest. This will enable our agricultural population, whose patriotism and generosity is not second to that of any other class, to have a share in this good work which might be difficult for them at the present time if cash donations only were accepted. Fuller announcement will be made at an early date.
